HI, MY NAME IS IVAN DE JAGER

I AM A **WEB DEVELOPER**. I DEVELOPE AND DESIGN WEBSITES FOR MANY DIFFERENT BUSINESSES AND I WILL HELP YOU GROW YOUR BUSINESS IN A WAY THAT YOU HAVE ALWAYS DREAMED OF

# MY WORK

The image displays three separate website interfaces arranged vertically:

- UNUM Capital:** A financial services website featuring a large chart showing a significant upward trend in stock prices. The chart includes various data series like Sales, Profit, and Loss. Below the chart, there's a section titled "Why Unum ?" with four icons: Expert Financial Services, Personalized investment, Unparalleled Support and Service, and Accessible Anytime, Anywhere.
- Legacy Spares:** A parts supplier website. It features a prominent banner with the text "Genuine Parts for Genuine Performance". Below the banner are three service highlights: "Shop Now", "Free Shipping on all orders over R750", and "Quality Guarantee All our parts are tested and proven".
- KOINZ:** A blockchain-based platform. The main visual is a teal wallet with several circular tokens floating around it, each featuring a stylized letter 'K'. The text "Welcome to KOINZ" is prominently displayed, along with a "LET'S GET STARTED >>>" button.

At the bottom left of the collage, there is a call-to-action text: "CLICK TO VIEW MORE" followed by a large, white, double-headed arrow icon pointing right.
